American Mud Pumps Inc. supplies pistons to meet the highest standards of quality and performance in harsher environments. Ideal for oilfield operations, this component guarantees durability, efficiency, and compatibility with a wide range of equipment. Its precise manufacturing and high-strength materials ensure reliable operation even in extreme conditions.

With our Bull Nose Extreme Piston, you can optimize your processes, minimize downtime, and ensure the operational continuity your industry demands.

Picture for illustration purposes only

Features:

- Fully compatible with all types of drilling and mud during any point of the drilling process.
- Averages 30%+ longer life than other pistons.
- Bull nose lip design seals for less squirt which reduces flush system contamination.
- Not suited for clear or sea water uses
- Piston sizes are available for most mud pumps.

Technical specification data	
Material	High Temp Urethane
Compound	7029
Hardness	90 Shores A
Pressure rate	7,500 Psi
Min. Temperature	-20°F
Max. Temperature	350 °F
Suitable for	Oil, synthetic or water based mud

Part Number	
4"	A-UB-40-3-HT
4 ½"	A-UB-44-3-HT
5"	A-UB-50-3-HT
5 ½"	A-UB-54-3-HT
6"	A-UB-60-3-HT
6 ½"	A-UB-64-3-HT
7"	A-UB-70-3-HT
7 ½"	A-UB-74-3-HT
8"	A-UB-80-3-HT

American Mud Pumps parts are fully compatible with most of OEM parts.

National, Emsco, Gardner Denver, Oilwell, Lewco, Ideco, OPI, Bomco, LS, Skytop Brewster, Ellis Williams, Weatherford, Wilson, Workforce, Gaso, Southwest, among others.
