Bare Shaft Piston Pump

AMP-2000

Precision-Engineered for Demanding Applications

American Mud Pumps Inc. takes efficiency to the next level with its high-performance triplex pumps. Engineered to tackle the most demanding drilling and well service challenges, our pumps deliver steady flow, reduced pulsation, and outstanding durability. Their three-piston configuration ensures simpler, more efficient operation, minimizing component wear and maximizing uptime in the field.

Ideal for handling heavy muds and abrasive fluids, American Mud Pumps Inc.'s triplex pumps are the smart choice for operations that demand power, reliability, and consistent results.

Technical specification data

Input horsepower rating	2000
Pump speed	120
Stroke length	14"
Maximum piston size	7 1/2"
Fluid end working pressure rating	7,500 Psi
Discharge connection size	5" Flange
Suction connection size	12" Flange
Crankcase oil capacity	165 Gallons
Liner wash capacity	80 Gallons
Internal gear ratio	4.83: 1
Weight	56,500 Lbs
Overall dimensions (LxWxH)	206.937" X 99" X 73.5"
